

FOSTERING RESEARCH

Corona Immunitas

Corona Immunitas studies the antibody level of the Swiss population over several phases. The results are used by authorities for decision making about the pandemic. Since regional disparities are decreasing due to vaccination and natural infections, it is not necessary to continue to conduct surveys in all 14 study sites. Phases 5 and 6 will be done by the Fast Response Unit (Ticino, Vaud, Zurich).

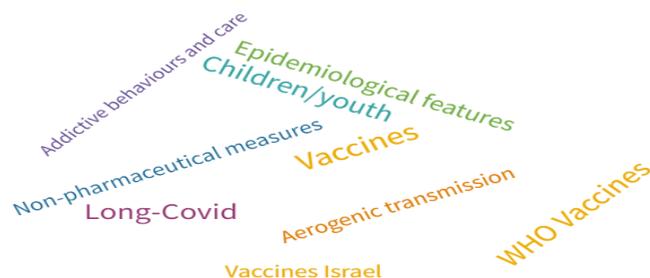

How much can you learn in just 1 minute? Watch one of the 60+ 'Science in a Minute' videos of Corona Immunitas!

FROM SCIENCE TO POLICY

SSPH+ COVID-19 Platform

SSPH+ researchers submitted 46 COVID-19 related literature screening reports to the Federal Office of Public Health, contributing to informed decision making, on nine topics.

Swiss Public Health Conference

The annual Swiss Public Health Conference is organized by the Swiss Society for Public Health and SSPH+. The (hybrid) 2021 conference marked the 50th anniversary of the Institute of Social and Preventative Medicine at the University of Bern and was attended by over 300 participants. Public health challenges from the COVID-19 pandemic were the focus of the conference.

Join the 2022 conference

The conference will be held on the 13th and 14th of September in Kursaal, Bern. The topic of the conference is: "A healthy environment for healthy people".

SWISS SCHOOL OF PUBLIC HEALTH – A VISIONARY SWISS INNOVATION

KEY NUMBERS OF SSPH+

1
One Foundation
One Vision
One Faculty

12
Universities

15
Honorary Fellows

20
Institutes (with 2 or more faculty members)

240
inter-university Faculty members

400
PhD students

30
postgraduate MAS/DAS/CAS programs, led by SSPH+ Faculty members

Annual Report 2021

The Swiss School of Public Health – a non-profit Foundation – assembles public health scientists across Switzerland into one national inter-university faculty. The SSPH+ faculty expertise mirrors the scientific and professional field of public health, which encompasses a broad range of disciplines, spread across universities, faculties, and institutions.

A FOUNDATION OF SWISS UNIVERSITIES

- Bern University of Applied Sciences
- Università della Svizzera italiana
- University of Applied Sciences and Arts of Southern Switzerland
- University of Basel
- University of Bern
- University of Fribourg
- University of Geneva
- University of Lausanne
- University of Lucerne
- University of Neuchâtel
- University of Zurich
- Zurich University of Applied Sciences

FOSTERING RESEARCH

Inter-university Graduate Campus (IGC)

Our hub of high-quality PhD education provides a growing number of PhD students with state-of-the-art training in public health sciences and inter-university networking opportunities.

Evolution of SSPH+/IGC students

Our Journals are Open Access

2021 marks the first year of our International Journal of Public Health and Public Health Reviews published by the Swiss based 'Frontiers' – all Open Access! With 678 submissions, 10 calls launched, 130 articles published, and a platinum fee waiver program for authors from low- and middle-income countries (GLOBEQUITY, funded by swissuniversities) we continue the success of our journals.

TEACHING & TRAINING

Left to right: SSPH+ Dubai Expo Training Program winners* – Magda Gamba (University of Bern), Ezra Valido and Ana Lucía Oña Macías (University of Lucerne) *Ogonna Nwankwo (Swiss Tropical and Public Health Institute) was also a winner but his participation at the Expo was via video recording only

SSPH+ PhD students at the Dubai Expo!

The winners of the Dubai Expo training program showcased their scientific debate and ScienceFlashTalk live in Dubai!
